March 3, 2020

In Fairfield Area School District the health, safety and well-being of our students and staff are our top priorities. With the recently elevated discussion regarding the coronavirus disease (COVID-19) in the news, we want to take a moment to reinforce preventive safety measures and reference our process and communications.

It is important to remember that, at this time, there have been a small number of confirmed cases of coronavirus in the United States. As a school district, we are closely monitoring the situation and taking guidance from the Pennsylvania Department of Health and the U.S. Centers for Disease Control and Prevention (CDC). There are currently no recommendations to close schools in the United States but we are working to be prepared for a worst case scenario. We encourage our students, staff and families to be mindful of key preventive measures. The CDC offers some tips on its website that can be useful in avoiding the spread of this and other illnesses.

In preparing, if the district must close down for a period of time, we want to continue to provide instruction to the students. As the district administration plans for providing instruction through online web-based lessons, it is important for us to know each student's availability to the internet. We are asking you to fill out the attached information sheet regarding your student's access to technology at home. You may receive multiple copies of this letter, please fill out one survey and return it to any building office.

If you have any questions please feel free to contact my office through email ([adamekm@fairfield.k12.pa.us](mailto:adamekm@fairfield.k12.pa.us)) or phone (717) 642-8228.

Yours in education,

FAIRFIELD AREA SCHOOL DISTRICT

Mr. Michael P. Adamek  
Superintendent

*Students First*

Fairfield Area School District
