

# Playing Time Contract

The Fairfield Area School District encourages active participation of all athletes. Coaches are expected to provide as much playing time as possible for all athletes. However there will be differences in the amount of playing time that each athlete receives. These differences in playing time will be decided by the Head Coach and/or his or her coaching staff.

Typically there is more playing time for athletes in the middle school program because of the "learning of the game" and sometimes less playing time in the High School program because of the "scholastic school to school competition".

Since playing time is not guaranteed for any athlete we advise that parents and athletes discuss playing time prior to the athletic season.
