

FACE Agenda - Elementary and Middle School

Welcome

- Unique COVID situation
- 9 week commitment at a time
- Students can not jump between FACE and brick and mortar

Setting yourself up for FACE success

- Set a schedule/routine and stick to it
- Parental support
- Limit distractions
- Dedicated work area

FACE experience

- Completely on your own time available 24/7
- Teacher/tutor interactions available - but can be limited
- Self-paced with pacing guides built into the program

Attendance Expectations

- Full time students: 20 hours a week
- All students are monitored for progress as well as attendance
- Absence notes sent to FACE coordinator, Mrs. Martin - I will then coordinate with the building secretary

What we can see

- Amount of time spent in the system (active and idle)
- Amount of time spent on each individual assignment
- When things aren't "adding up" - slow/no course progress

What parents can see

- Access through a parent portal
- Track attendance, progress, etc.
- Please allow for time for this to be set up and organized

Points of contact

- Cyber monitor first - any questions regarding work/assignments/completion/grades/technical issues need to be directed toward the cyber monitor as the first point of contact
- If unresolved after communicating with the cyber monitor, Mrs. Martin is the next point of contact
- Building principal is the last point of contact
