FAIRFIELD AREA MIDDLE SCHOOL CYBER EDUCATION

Standards Driven Courses

Each course is proctored by a Fairfield teacher that is highly qualified and certified.

Curriculum includes both core and elective/specials courses.

Content Instruction and Delivery

All core courses utilize a variety of delivery methods including videos, recordings, demonstrations, activities, and projects, all of which are course dependent.

Organized, Structured Online Program

All coursework is completed in Edmentum's PLATO program and can be completed on any electronic device; other assignments may be required offline (varies by course).

- **Teachers are available to answer any questions students and parents may have.**
- **Students will have the opportunity for guided practice as well as independent practice when learning course material/content.**
- **Various supports (including Special Education services) are available for all students to assist in learning and mastery of course content.**
- **More information can be found at <https://www.edmentum.com/about>.**
