Middle School Parents:

2023-2024 Quarter 2 Report Cards are now available for review in your Skyward Family Access account. Report cards are located in the PORTFOLIO tile. You must go in through this tile to complete the report card verification signature process and see teacher comments.

It is very important that you and your child use the online gradebook to continuously monitor progress throughout the year. Please use this time to review your child's Quarter 2 grades and to have a discussion about current progress, and to make goals moving forward.

Please contact classroom teachers or grade level teams with any questions or concerns that you have after discussing the Quarter 2 Report Card results with your child. There is an evening for parent teacher conferences on February 15, 2024. Teachers will be reaching out to parents to schedule these in the coming days. Parents who were unable to attend in the previous conferencing evenings will be given first opportunity to schedule.

Some good questions to consider while discussing current progress with your child:

Are your grades what you expected? Why?

Is there one specific subject in which your grade is significantly different than in Quarter 1?

Is there anything that can be done at home to improve your grades?

What more can you do at school to help improve your grades?

Do we need to talk to the teachers to help make a plan to improve the grades?

What is your main goal for the Third Quarter?

Thank you,
