Middle School Parents:

Report Cards for Quarter 1 of the 2024-2025 school year are now available for review in your Skyward Family Access account. To view the complete report card, including teacher comments, please visit the PORTFOLIO tile and complete the report card verification signature process.

We encourage you and your child to use this time to review their grades and discuss their progress. The online gradebook is a valuable tool to monitor academic progress throughout the year. Teachers and administrators are dedicated to supporting every student's success, so please don't hesitate to reach out to classroom teachers or grade-level teams with any questions or concerns following your review of the report card.

Consider asking these questions with your child as part of your discussion:

1. Are your grades what you expected? Why?
2. Is there one subject that stands out as different from the rest?
3. Is there anything we can do at home to help improve your grades?
4. What actions could you take at school to support improvement?
5. Would speaking with your teachers to make a plan for improvement be helpful?
6. What is your primary goal for Quarter 2?

For those who would like to continue this conversation with teachers, limited conference times may still be available on the evenings of November 7th and 14th.

Thank you for your partnership in helping all students succeed!

SKYWARD HELP:

- If you need help accessing the Skyward Family Access portal, please contact the Middle School Office.
- Never logged in before: If you have never accessed Skyward Family Access, contact the Middle School Office, verify your email address with our secretary and she will resend you the family access login email. When logging into your account for the first time, you MUST use a computer, not your mobile device.
- Have logged in before but forgot login information: If you forgot your password, select the "forgot password" link on the login page. Usernames are first initial, last name (ex: Jhoffacker). In rare instances, your login name may have the second letter of your first name added to the first initial. This only happens when another user has the same naming convention.

Thank you,
