## OPEN DISCUSSION

Heather was contacted by Siri Phillips from the high school to see if FAST would have volunteers again this year to guide the seniors with their senior projects. Meg and Kim stated they could help Heather if needed.

Heather was forming a committee that would help judge the scholarship applications submitted for the FAST scholarship. DeeDee, Shelly and Lisa will willing to assist Heather with this.

It was discussed that a review should be made regarding the qualifications regarding funding requests. It is a little vague or too open for opinion as to who may make requests. All members at the meeting agreed that funding should be provided to middle and high school sponsored events/programs only.
